Please do not stop XM radio from providing traffice and Weather. When I am on the road making a trip, it makes the trip better have knowledge of the weather and traffic for the area I am traveling in. For standard ratio stations, I do not necessarly know what the local statations are and for where I am headed I can not get the stations. Therefore XM provided safety informtion for road travel, by providing traffice and weather. PLEASE DO NOT stop XM. PLEASE ALLOW XM Radio to provide Traffice and Weather. This is one of the major reasons I pay for this service service.
